

Business By The Sea Yacht Club

ADVERTISEMENT / MEMBERSHIPS

The **Business By The Sea Yacht Club** was designed for individuals to take business owners, clients and professionals on cruises without the maintenance and upkeep that comes along with owning a yacht. In other words, the best time for yachting will be while you are using it, not when you buy and sell it. The purpose of this is to give business people the opportunity to use and enjoy a membership without any attachments. Our primary port is the Newport Beach Harbor, the largest harbor in North America with over 10,000 yachts and the largest coastline of any port in North America. In the meantime, discuss this with your associates nationwide for your benefit and theirs. While you are discussing "Business By The Sea Yacht Club" keep in mind that you should concentrate on employee benefits, customer appreciation, and sales and marketing incentives. **Memberships other than "Passenger" and "Guest" include membership initiation fees in the "InvictaClub." The "InvictaClub" provides FREE 2 for 1 Golf Round Vouchers at prestigious golf courses and resorts worldwide. Existing members may upgrade to "Mate" Membership to acquire FREE initiation fees for the "InvictaClub."**
